

## **Caela Conn Tyler Workshop** ***An Evening at the Ritz***

**February 21 and 22, 2009**

Gateway ANG Chapter is pleased to announce our February workshop taught by Caela Conn Tyler. The words, epitome of elegance, aptly define *An Evening at the Ritz*, a roomy evening purse, worked on 18 count black canvas. The purse flap is composed of several ribbon-type bands stitched in gold, copper, rust and black. Many of the bands contain intricate multistep stitch combinations.

One emphasis of this class is the manipulation and the versatility of metallic threads and includes the ease of stitching with Kreinik braids, along with the challenge of working with several strands of fine machine embroidery metallic thread. In addition, methods of adapting a design from another source to a piece of needlework will be discussed and demonstrated.

**Note: This project was designed so that it can also be a framed piece or a small pillow or an insert for a large pillow. Students do not have to complete the project as a purse.**

The proficiency level of this class is advanced intermediate. The pre-requisites are that the student must have some experience in laying multiple strands of thread and must be able to read charts easily.

Class size is limited to 20 students. We may have some places to offer to ghosts later on.

**Please note the change of location for this workshop:** This workshop will be held at the City of Creve Coeur Government Center, Community Meeting Room #2, 300 North New Ballas Road, Creve Coeur, MO 63141.
